

Leading Experts.  
Proven Methodology.  
Unmatched Results.

THERE'S COMPLIANCE AND THEN THERE'S SAVING MONEY.  
TAG DOES BOTH.

Tax Advisors Group is a leading property tax consulting firm with a national reach that specializes in minimizing Texas business personal property taxes, providing the highest standard of customized tax consulting and client service with industry-leading tax savings results.

At TAG, our ultimate mission is to thoroughly minimize property taxes for our clients.

Responsible for over \$14 billion in property valuation

\$525M

Saved clients over \$525M in property taxes since 2001

Texas has the most aggressive property tax code in the nation. **In Texas, business personal property is consistently over assessed, overvalued – and is generally left unchallenged due to the complexities of valuation and assessment appeals.**

At TAG, we take the Texas Code at its word and harness it for our clients to **realize material savings – with an average reduction of 30% in assessed value.** Instead of depending on filing cost depreciation renditions and relying on the tax assessors' tables, we have a better way.

Our proprietary **Tag It™** methodology and technology focuses on valuing business inventory and fixed assets at fair market value. **Simply put, hiring TAG means everything will be done to truly minimize your property taxes. And we are so confident that we offer tax-savings contingent fee pricing!**

Business Personal Property System

**Two decades of experience achieving year-after-year results for some of the world's industry leaders, with a 95% client retention rate.**
